A vibrant underwater scene featuring a variety of marine life. In the center, a sea turtle with a red shell swims gracefully. To its right, a striped fish with yellow and black patterns swims towards the left. Above the turtle, a small yellow fish with a red fin swims to the right. In the background, a large blue whale is partially visible. On the left, a red and blue fish swims away from the viewer. A green seahorse is nestled among the bubbles. A large blue octopus with yellow tentacles is positioned in the lower center. A blue jellyfish with red tentacles is on the bottom left. The background is filled with numerous blue bubbles of different sizes and shapes, set against a light blue wavy pattern.

PLAY

RULES

2:26

An alphabet is generated randomly by pressing the alphabet button.

Name, place(Country), animal and thing of the same alphabet needs to be entered.

The timer goes on decreasing with each level.

Level 1-120s,

Level 2-60s and

Level 3-30s.

Each correct answer gets 10 points.

Each game has 3 rounds with 3 separate alphabets which are generated

by pressing the alphabet button.
